

## Carbon Impact Emissions Report for the Year 2011

**Client:**

Carbon-Expert  
Bulevar Principe Alfonso Von Hohenlohe  
Edificio Milla de Oro  
Oficina 21-29602  
Golden Mile  
Marbella  
Spain

**Emissions Reported by Category:**

Flights 37.23%, Energy 31.64%, Waste 0.09%, Mobility 26.03%, Hotel 4.06%, Events 0.95%

The majority of emissions, corresponding to 37.23% of the total reported emissions, are coming from the category flights, followed by office energy consumption at 31.64%

Energy  
9.294 tCO<sub>2</sub>e in this category

**9.294 tCO<sub>2</sub>e emissions coming from:**  
12 staff, Europe, Office, office with irregular A/C use

**Events:**

0.28 tCO<sub>2</sub>e in this category

**0.28 tCO<sub>2</sub>e emissions coming from:**

Emissions from food/drinks included , 14 attendees, 1 day, no transport

**Flights:**

10.932 tCO<sub>2</sub>e in this category

**5.997 t tCO<sub>2</sub>e emissions coming from:**

2 flight(s) from AGP - Malaga to DXB - Dubai via POX - Paris return economy class

**3.722 tCO<sub>2</sub>e emissions coming from:**

2 flight(s) from AGP - Malaga to KBP - Kiev return economy class

**1.213 tCO<sub>2</sub>e emissions coming from:**

1 flight(s) from AGP - Malaga to LGW - London return economy class

**Freight:**

0 tCO<sub>2</sub>e in this category

**Mobility:**

7.645 tCO<sub>2</sub>e in this category

**3.17 tCO<sub>2</sub>e emissions coming from:**

17000 km traveled, 8 l/100km medium sized car, using gasoline, 1 staff or vehicle.

**4.475 tCO<sub>2</sub>e emissions coming from:**

4000 km 8 l/100km medium sized car, using gasoline, 6 staff or vehicles.

**7.774 tCO<sub>2</sub>e emissions coming from:**

2116 km Traveled by train, 2 staff.

**Hotels:**

1.192 tCO<sub>2</sub>e in this category

**1.192 tCO<sub>2</sub>e emissions coming from:**

9 days, 5 star hotel, 4 people.

**Other:**

0 tCO<sub>2</sub>e in this category

**Waste:**

0.026 tCO<sub>2</sub>e in this category

**0.026 tCO<sub>2</sub>e emissions coming from:**

20 kg mixed waste, 20 kg consumed paper, 100 % recycled paper, 100 % paper recycled after use.

**Total Amount to be offset:**

29.37 tCO<sub>2</sub>e emissions for the period to be offset 2.5 times in order to be Carbon Positive compliant and contribute towards the 2°C target no longer achievable through being Carbon Neutral.

**74 tCO<sub>2</sub>e have been offset by Carbon Expert in 2011 to mitigate their emissions:**

**VCS Project 92: 300MW Hydropower project by JHPL, INDIA**
